Profile Summary

Oracle Techno-Functional Consultant with 6 years of experience specializing in Oracle E-Business Suite (EBS) ERP, focusing on SCM modules including OM, INV, PO, WMS, BOM, and EDI. Expertise in bridging business requirements with technical solutions using advanced PL/SQL, Oracle Forms, Reports, and Workflows. Proven success in end-to-end ERP implementations, customizations, integrations, data migration, and support. Skilled in developing interfaces and extensions, optimizing business processes, enhancing system performance, and collaborating with cross-functional teams to ensure seamless ERP deployments. Committed to delivering scalable, efficient solutions aligned with organizational goals.
